We've supported over 200 youth this year.

Help us by investing in their future.

DONATE
Mentorship Matters

We have welcomed over 70 new youth to our program and 30 new mentors! Participants and mentors have been building strong and meaningful relationships after only 3 months of programming. Thank you mentors, for all your support, love and dedication to our youth!

Youth Civic Engagement

Outside of programming, Chica Project takes youth on field trips throughout the state to meet with inspiring leaders and organizers! Our youth had the opportunity to hear Stacey Abrams speak about how to be a strong and effective leader in your community at the Edward M. Kennedy Institute.

Community Event No. 3!

On Dec. 14th, 60 of our youth and mentors gathered at Northern Essex Community College for our third community event, "Who Am I?". Powerful stories were shared, as we explored our diverse identities and embraced the power of those identities!

Mentor Spotlight

Meet Windry Figueroa

Windry joined Chica Project as a participant in 2015 and just became one of our mentors! We asked her "What does Chica Project mean to you?" This is what she had to say:

"Chica Project to me means FAMILY! It's
meant to be a space in which you can be **yourself without judgement**. A place in which you can grow and learn without the fear of being laughed at or singled out. Chica Project **creates a home** for each and everyone of its participants and mentors."

**Nico's Sweets and Delicacies**

Windry has recently started her own local business selling homemade delicious sweets. Take one bite of her **infamous Flan** and the next thing you know you ate the whole thing in one sitting! As we enter Holiday Party season, consider ordering your **Holiday treats** from **Nico's Sweets**!

Whatsapp Windry: (781) 558 - 3665
